

# Options for biking to the Minneapolis-St. Paul International Airport

For more information, visit: [MSPAirport.com](http://MSPAirport.com) or [metrotransit.org](http://metrotransit.org)

## Terminal 1-Lindbergh

Though it's not possible to bike directly to Terminal 1-Lindbergh for public safety reasons, there are several ways to reach the terminal via bike with the assistance of mass transit.

**Light Rail:** Travelers can ride bikes to one of the off-airport **Light Rail Transit (LRT) stations** or to the Terminal 2-Humphrey LRT station.\* Bikes can then be stored at the bike racks or lockers on the Terminal 2-Humphrey LRT station or the Ground Transportation Center. The **Blue Line** is a convenient LRT route that makes stops at both Terminal 1-Lindbergh and Terminal 2-Humphrey.

**Bus:** **Metro Transit city bus route #54** services Terminal 1-Lindbergh and includes bike rack service. Bus passengers are dropped off on the Upper East Roadway of the Ticketing Level.

**Bike storage:** Bike racks at Terminal 1-Lindbergh are located on the Upper East Roadway of the Ticketing Level for those who took the city bus.

Metro Transit has bike racks and bike lockers (for a fee) at Terminal 2-Humphrey. There are also bike lockers available at many of the Park & Ride lots in locations near MSP Airport. Locations and additional details can be found on Metro Transit's website.

## Terminal 2-Humphrey

### Direct:

- From Bloomington – Travelers can bike directly to the Terminal 2-Humphrey via 24th or 34th Avenues.
- From Richfield – Take 66th Street to Longfellow Avenue/East 77th Street; turn right on Longfellow; then turn left onto Airport Road.
- From the east – Take the Minnehaha Bike Trail through Fort Snelling State Park to Post Road. Follow Post Road west over Highway 5 to Humphrey Drive. Rules of the road apply.

**Bike storage:** Bike racks are available at the Terminal 2-Humphrey LRT station as well as near the Ground Transportation Center. To get to the Ground Transportation Center, take the elevator up one level from the LRT platform, and walk your bike through the parking ramps, following the signs leading to the terminal building. When you reach the Purple Ramp skyway, take the elevator down one level. Bike racks are located near the rental car pick-up area.

Metro Transit also has **bike lockers** available for a fee at many Park & Ride lots, METRO stations and other locations in the Twin Cities. Locations and additional details can be found on [Metro Transit's website](http://Metro Transit's website).
